- AWS

## EXPERIENCE

### Lead Full Stack Developer

Nov 2022 - PRESENT

#### NTRY

Toronto, Canada

- Refactored and developed components, adding new features to enhance the user experience using React and TypeScript.
- Managed projects from initial design through completion, ensuring compatibility across multiple platforms.
- Updated, created, and maintained UI design components using Storybook, resulting in improved design consistency and development efficiency.
- Migrated backend environment from GraphQL to Rest API, resulting in a 20% increase in application robustness and speed.

### Fullstack Engineer

Apr 2022 - Sep 2022

#### BookJane

Toronto, Canada

- Collaborated with other programmers to design and implement feature flags for efficiency and better maintenance with React and TypeScript.
- Successfully migrated REST API integration into GraphQL to align with the new version of the application.
- Created, updated and maintained UI components using Storybook, ensuring consistent and visually appealing designs.

### Fullstack Engineer

Oct 2021 - Apr 2022

#### Secret Location (E one/ Hasbro)

Toronto, Canada

- Led the migration of the Content Management System Dashboard from Angular and Node.js to React and TypeScript, resulting in improved development efficiency and code maintainability.
- Actively engaged in AWS and Pulumi while managing the Headless CMS built with Webiny.
- Utilized Jest to write unit tests and integration tests, achieving a 95% test coverage.

### Fullstack Engineer

Aug 2019 - Sept 2021

#### Experteer GmbH

Munich, Germany

- Developed standard operating procedures to enhance efficiency and ensure consistent delivery.
- Implemented responsiveness design for the platform using React.js and SCSS.
- Actively participated in meetings and data mapping sessions, gaining a deep understanding of business needs.

### Frontend Engineer

Jan 2019 - July 2019

#### Tabella s.r.o

Prague, Czech Republic

- Implemented user-friendly application improvements with React and JavaScript, resulting in a 26% growth rate in customer satisfaction.
- Ensured compliance with industry standards and regulations, maintaining a high level of data security.

### Frontend Engineer

Oct 2017 - Dec 2018

#### Kakao

Seoul, South Korea

- Contributed to the success of Kakao, a South Korean Internet company, by creating and updating technical documentation.
- Designed and created promotional images, Social Media Marketing collateral, banners, ads, buttons, and contest pages.
- Actively participated in creative brainstorming sessions, contributing innovative ideas.

## EDUCATION

### Bachelor of Arts

Chung-Ang University

Mar 2014 - Feb 2019

Seoul, South Korea
